

**In 1855**, a dozen years before Nebraska officially became a state, the NP Dodge family was serving the real estate needs of the Omaha/Council Bluffs community. Five generations later, that same dedication has built NP Dodge into the area's largest full-service real estate company. Today, we're proud to be recognized as the oldest, most established real estate firm in the United States.

When you work with NP Dodge, you don't just work with one company- you get the support of hundreds of specialized experts in all facets of real estate. The NP Dodge Family of Companies puts the resources of the area's largest full-service real estate company behind every client on every transaction. With more than 450 employees and over 500 sales agents, NP Dodge delivers professional expertise in commercial and residential real estate, land development, property management, title & escrow, global relocation and insurance.

Full service...it's been a family tradition for over 150 years.
